Ski Room

Sound System

Terrace/Balcony (ies)

## Refined beauty in the Dolomites

Surrounded by the untouched forests of Val Pusteria, San Lorenzo Mountain Lodge is located in a former Austrian region of South Tyrol, San Lorenzo di Sebato. The property is under an hours drive from the Kronplatz ski area. The property also has its own private helipad for easy access. Passionately restored by owners, Giorgia and Stefano, the lodge is a true refuge in the heart of the Dolomites. Accommodating six adults and four children in four bedrooms, the property is ideal for families looking for true rest and relaxation.

The entrance hall, with its vaulted ceilings, wooden decor and ancient artefacts sets the scene for what is to come. The interiors are rustic yet elegant and warmed by crackling fires. On the entrance level is a tea parlour with a small library, stereo and TV, the perfect place for relaxing with a book. Blending tradition and modernity is a fully-equipped kitchen whilst the dining room is kept warm by a traditional Tyrolean “stube”. Also on this level is a TV room stocked with children’s games. The main lounge with open fireplace is located on the first floor.

## Indoor and outdoor relaxation

San Lorenzo Mountain Lodge has a dedicated wellness area on the first floor with Finnish sauna, Turkish bath with chromotherapy, whirlpool and experience shower. An outdoor lounge and whirlpool in the garden is perfect for late-night dips whilst admiring the surrounded jagged peaks and shimmering lights of the town in the distance. The lodge has its own wine cellar stocked with over 1,500 bottles of the finest Alto Adige wines.

Four charming bedrooms are located on the first floor. There are two double bedrooms with en-suite shower rooms. A third double bedroom shares a bathroom with the children's bunk room which sleeps four.
